

Thinking Outside

The Landscape Ontario Awards of Excellence were announced this week. The Landmark Group was honoured to receive 7 awards including the coveted Casey Van Maris Award for the most innovative and unique landscape project.

Additionally, one of our landscape designs was awarded as the 2012 National Winner for best Landscape Design in Canada by CNLA (Canadian Nursery Landscape Association).

Together with our clients, peers, staff and suppliers, we celebrate this privilege of recognition. We encourage you to view more photos of these award winners at:
